Softball Field #2

- Single Booth
- Double Booth
- Quad Booths
- Sani-Can
- ADA Sani-Can

NOTES:

- 152 numbered booths excluding the 4 that are allocated to PAL and PenMet and the quad for the Literary Corner – 72 are corner booths.
- The un-numbered booths are placeholders to allow us the flexibility to accommodate artists who want multiple booths.
- There are an adequate number to allow for double booths without impacting the total number of artists.
- None of the booths face directly either east or west
- We have enough room to re-configure as necessary
- The music stage has been moved to be as far from the artists as possible to alleviate any concerns about noise.
- PAL and PenMet booths are both double booths and are next to each other at the entrance.
